TSIMIS SA is a company with a long tradition in the field of flexible packaging.

This Environmental Policy applies to all of the company's activities and has been prepared to meet the requirements of the ISO 14001:2015 Standard for Environmental Management.

Through the implementation of the Environmental Management System, the company is committed to the protection of the environment, preventing any conditions or incidents that may lead to pollution or significant leakage.

TSIMIS SA, taking into account the fact that it may itself in special cases or abnormal operating conditions be a source of pollution, undertakes to:

- Complies with applicable legal and other requirements related to the environment in order to ensure its protection.
- Establishes environmental goals and monitoring their achievement, in order to improve its environmental performance.
- Provides appropriate and continuous environmental training to employees.
- Manage natural resources wisely and responsibly and conserve raw materials, where possible, through reuse and recycling of materials.
- Uses energy responsibly in all its operations.
- Protects employees and the society in which it operates, adopting safe technologies and operating procedures.
- Communicates its commitment to environmental protection to employees, suppliers, customers, public services and the community in which it operates.
- It is fully committed to the continuous improvement of the integrated Management System, through continuous monitoring of its environmental performance.

DENISE TSIMIS
PRESIDENT OF THE BOARD
